NEW PRODUCTS 2026

CHAIN WAX BEANS

BIC-60W 200g

Infused with a green apple fragrance, CHEPARK wax pellets enhance your experience with a refreshing scent as they melt.

CHAIN WAXING STARTER KIT

TIL-68

- Cooling Rack
- Chain wax beans x 2
- Chain Wax Melter
- wire

WASH GLOVE

TIL-55

High dirt absorption and strong water absorption

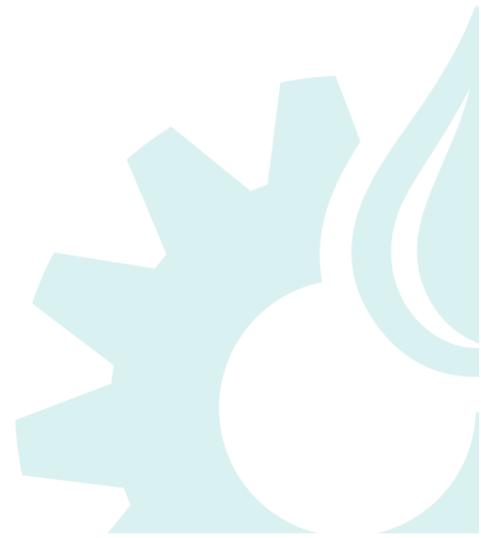

LEANS CLEANER ANTI-FOG **BIC-280** 30ml

After cleaning the lenses, spray on the solution and wipe with a Leans cleaner to achieve an anti-fog effect.

SUSPENSION GREASE **BIC-755** 80ml

- Specially formulated grease for bicycle suspension systems and dropper seatpost, providing long-lasting lubrication, water resistance, oxidation and rust protection, and superior anti-wear performance.
- Revitalizes O-rings and operates effectively across a wide temperature range from -50°C to 50°C.

HELMET FOAM CLEANER MOUSSE

BIC-286 100ml

- Quickly remove odor, oil stains, sweat stains, and dust.
- Wipe clean without leaving any residue and without rinsing.
- It is safe and non-toxic and does not harm the skin.

BIKE WASH POWDER **BIC-590B** 22g

- BIC-590B comes in a compact and easy to carry. Simply dissolve the powder fully by water before use. For best results, use with a foam spray bottle for easier, more effective cleaning.
- Spray the foam onto the bicycle to soften and lift dirt as it slowly flows downward. Use with a cleaning brush and sponge for enhanced cleaning results.

MTB & GRAVEL TUBELESS SEALANT

BIC-266 120ml
BIC-266L 1000ml

- Adopting new a Rubber Coagulator formula & Magic particles.
- Seals tears and holes up to 6mm.
- Seals porous tyres and bead/rim gaps.
- Contains cutting-edge molecules to fill large holes and tears.
- Ammonia free.

2 IN 1 DUAL- PURPOSE INFLATOR (PRESSURE ADJUSTABLE TYPE) **TIL-386**

- This 2-in-1 valve can be easily adjusted for both Presta and Schrader valves, depending on your tire's valve type.
- Adjustable pressure design, once the pressure value is set, CO2 is steadily released into the tire by gradually opening the valve.

ROLLER BRAKE GREASE **BIC-130B** 500ml

- Maintain the smoothness of roller brakes, Reduce the entry of water and other dust particles into the interior causing rust and corrosion.

2 IN 1 DUAL- PURPOSE INFLATOR (LIGHTWEIGHT TYPE) **TIL-387**

- Lightweight design.
- Compatible with both Presta and Schrader valves, this one meets general inflation needs.
- Control knob allows you to perfectly control the amount of CO2 you release into the bike tires.

HIGH ADHENSION ASSEMBLY PASTE **BIC-140** 200ml

- Reduce friction between metal parts and prevent metal from seizing due to rust, offering excellent protection and anti-corrosion properties.
- The paste has great adhesion, making it resistant to being washed away by rain or melting and dripping at high temperatures. It also helps reduce noise generated from the treated component.

2 IN 1 DUAL- PURPOSE INFLATOR (PRESSURE GAUGE TYPE) **TIL-388**

- This 2-in-1 valve can be easily adjusted for both Presta and Schrader valves, depending on your tire's valve type.
- Tire pressure gauge control knob allows you to perfectly control the amount of CO2 you release into the bike tire.
- Please be aware not to fully open the pressure switch valve at once, as it may damage the pressure gauge needle.

E-BIKE BELT DRIVE SYSTEM PROTECT

BIC-170 425ml

- Prevents the belt from slipping, ensuring powertrain of the belt.
- Reduce the adhesion of dust and oil.
- Reduce friction and sound, extend the expired date of belt.

E-BIKE CHAIN LUBRICANT

BIC-190 425ml
BIC-190P 120ml

- Creates a specific coating for incredible durability and long-distance performance.
- Specifically designed for the hi-torque loads applied to an E-Bike chain.

E-BIKE CHAIN CLEANER

BIC-180 425ml

- Quickly eliminates built up oil, grease and grime on chain or electric parts.
- Eliminates all contaminants to prevent oxidation and corrosion.

E-BIKES GREASE

BIC-120E 120ml

- Apply to the circuit and parts of motors in various electric bike.
- In extreme climates, it can still maintain good lubricity, drainage and good sealing performance for a long time, the non-conductive nature prevents short circuits caused by contact.

LUBE SERIES

DRY LUBRICANT

BIC-100 425ml **BIC-100S** 150ml
BIC-100P 120ml **BIC-100T** 5ml

- Excels in dry, dusty conditions.
- Create durable layer, keep clean and will not attract contaminants.
- Do not use on disc brake and the contact point between brake pads and rims.

WET LUBRICANT

BIC-535 425ml **BIC-535S** 150ml
BIC-535P 120ml **BIC-535T** 5ml

- Repels water for chain and component protection.
- Excels in wet, muddy riding conditions.
- Create durable layer, keep clean and will not attract contaminants.
- Do not use on disc brake and the contact point between brake pads and rims.

PTFE LUBRICANT

BIC-360 425ml
BIC-360P 120ml
BIC-360T 5ml

- PTFE additives reduce friction and energy consumption.
- Prevents chain wear.
- Do not use on disc brake and the contact point between brake pads and rims.

WAX LUBRICANT

BIC-50P 120ml
BIC-50T 5ml

- Waxed based formula reduces metal to metal contact.
- Does not attract contaminants.
- Prevents chain wear.
- Do not use on disc brake and the contact point between brake pads and rims.

SILICONE LUBRICANT

BIC-550P 120ml
BIC-550T 5ml

- BIC-550P has the characteristics of high temperature resistance, cold resistance and drainage, in extreme climates, it can still maintain good lubricity for a long time, it's non-toxic, tasteless and pollution-free and will not cause a burden on the environment and the human body.

TIRE MOUNTING LUBRICANT

BIC-270 100ml

- Special assembly liquid for bicycle tires.
- A practical sponge applicator allows the liquid to be applied to the tire bead very simply - without smudging fingers.
- The liquid evaporates completely after about 10 minutes.

ANTIRUST LUBRICANT

BIC-320 425ml

- Repels water for chain and component protection.
- Protects against rust development and corrosion.
- Do not use on disc brake and the contact point between brake pads and rims.

CERAMICS CHAIN WAX

BIC-60P 120ml
BIC-60PS 30ml
BIC-60T 5ml

- BIC-60P uses emulsification technology to increase the binding of with surface and decrease the friction with chains which can preserve the best performance and smoothness under any kinds of extreme circumstances.

CLEANER SERIES

CHAIN & FREEWHEEL CLEANER

BIC-110 120ml
BIC-110G 1gal

- Offers a quick and effective way to clean parts and remains them new.
- Needs to be mixed with water (1:3) and rinsed by high-pressure water.
- Recommended to use with brushes or chain scrubbers.

EAZY CLEANING WIPES

BIC-660

- BIC-660 quickly cleans dirty parts, dry without residue, can be used for transmission system, brake system or E-BIKE motor and electronic system.
- Towel size 26*30 cm, highly absorbent, not easy to break, can be wiped in a wide range, has high absorbency and does not leave wipe marks.
- Using environmentally friendly and safe ingredients, and non-pungent and can eliminates odors.

DISC BRAKE CLEANER

BIC-600 425ml

- Rapidly removes oil, grease, brake fluid and grime.
- Improves braking performance.

BUBBLE-BASED GREASE REMOVER

BIC-231 425ml

- Offers a quick and effective way to clean parts and remains them new.
- Needs to be rinsed by high-pressure water.

CHAIN & FREEWHEEL CLEANER

BIC-888 425ml

- Rapidly removes dirt, oil and grime.
- Eliminates chain contaminants safely.
- Safe on all bicycle parts.
- Biodegradable

NATURAL BIKE WASH

BIC-590 300ml
BIC-590L 1000ml
BIC-590GL 5gal

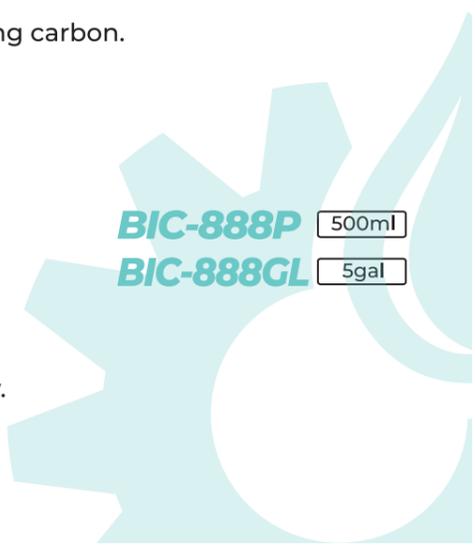

- Will not harm seals, cables, brake pads or rotors.
- Safe on all parts and surfaces including carbon.
- Biodegradable

CHAIN & FREEWHEEL CLEANER

BIC-888P 500ml
BIC-888GL 5gal

- Rapidly removes dirt, oil and grime.
- Eliminates chain contaminants safely.
- Safe on all bicycle parts.

TUBELESS SERIES

TUBELESS SEALANT

- Seals tears and holes up to 6mm.
- Seals porous tyres and bead/rim gaps.
- Contains cutting-edge molecules to fill large holes and tears.
- Ammonia free.

BIC-260 120ml
BIC-260L 1000ml

TUBELESS VALVE

TIL-60

New Design

45mm
60mm
80mm

- CHEPARK Tubeless Valve Stem is a lightweight, high-end bike component, Between round rubber base to ensure perfect compatibility for each rim design.
- Use valve cap the removable valve core be easily unscrewed for adding sealant.
- The hexagonal locking ring has an indented design to prevent the rubber ring from breaking when tightened, and it can be securely tightened with tools to prevent slight air leaks.
- The new tube wall design with a larger aperture and bottom opening can prevent sealant particles from clogging.
- Color: Black/Green/Blue/Silver/Red

TUBELESS TAPE

TIL-80A 25mm **TIL-80C** 35mm
TIL-80B 30mm **TIL-80D** 40mm

- TIL-80 is made by three-layer TPU material with a pressure -adhesive to provide just the right amount stretch whilst maintaining durability and strength.
- Pressure sensitive adhesive ensures the ultimate air-tight seal.
- TIL-80 is suitable for tubeless and tubeless ready rim, and engineered to stretch to fit perfectly in the contour of your rim.

POLISH SERIES

MATT COATING PROTECTION

BIC-238 300ml

- BIC-238 is suitable for both matt and clear coating, it leaves a protective film to repel water and atmospheric pollutants.
- BIC-238 does not leave an oily film, safe on paintwork, clear coat, carbon fiber, chrome, metal & plastics, and prevents grime build up on treated surfaces.

AUTO POLISH

BIC-228 425ml

- Protects and leaves a sparkling shine on metal, plastic & rubber parts.
- Do not use on disc brake and the contact point between brake pads and rims.

SCRATCH REMOVER

BIC-777 425ml

- Removes obvious scratches on frames and coating parts.
- Restores metal finish without harm to parts or users.

PROFESSIONAL SERIES

MINERAL BRAKE OIL

BIC-860 1000ml
BIC-860P 120ml

- Suitable for all material based hydraulic disc brake system (SHIMANO & TRP).
- Do not use on disc brake and the contact point between brake pads and rims.

DOT 5.1 BRAKE OIL

BIC-890 1000ml
BIC-890P 120ml

- Suitable for new DOT hydraulic disc brake system (AVID & HAYES).
- Do not use on disc brake and the contact point between brake pads and rims.

SUSPENSION CLEANER **BIC-750** 150ml

- Rapidly removes oil, grease & grime without the need for water.
- Eliminates all suspension contaminants to prevent it.

DEGREASING HAND CLEANER **BIC-620** 4000ml

- Easy to wash, no residue after use.
- Environmental protection formula, no water pollution.

Hub & Bearing Grease **BIC-120H** 120ml

- BIC-120H can apply to various ratchet and maintain good lubricity, drainage.
- Excellent product feature allows ratchet better protected in any climate.

GOLDEN ELITE GREASE **BIC-120** 5ml
BIC-120G 120ml
BIC-120B 500ml

- Suitable temperature from -25 degrees to 250 degrees.
- Repels water for chain and component protection.
- Reduce friction and sound.

ANTI-SLIP

- For carbon and other metal parts.
- Fastening torque can be lowered up to 30%.

BIC-90 5ml
BIC-90A 80ml
BIC-90B 500ml

SET SERIES

BICYCLE CARE SET **BIC-23**

- Includes 1 sponge, 1 brush, 2 microfiber clothes, 1 BIC-100S, 1 BIC-590, 1 BIC-888M.

TUBELESS SEALANT SET **BIC-26**

- BIC-260/BIC-266+Fill Tube*1+Valve*2+Tape*1+Valve Core Removal Tool
- Valve size: 45mm, 60mm, 80mm
- Tape size: 25mm, 30mm, 35mm

GREASE GUN SET **BIC-36**

- Easy one hand operation.
- Ideal for greasing hard to reach components.
- Long tip for recessed areas.
- Helps prevent grease contamination and waste.

BIKE CARE PREMIUM SET **TIL-39**

- Soft Washing Brush
- Wheel cleaning brush
- Detailing Brush
- Microfibre Polishing Cloth
- Multipurpose claw brush
- Expanding Microcell Sponge

CHAIN CLEAN KIT **TIL-110G**

- The rotating brush cover all areas of the chain for a quick and easy clean. The dirty fluid drops into a lower reservoir, no recycled grime all over the chain and hands.
- The high-performance cleaner can effectively and economically clean the chain. It's fully biodegradable and will not cause a burden on the environment.

ACCESSORIES SERIES

DOUBLE-END RATCHET TOOL SET **TIL-375**

- 36 Teeth Double-End Aluminium Handle With Disc
- 3-Way Function(Reverse/Lock/Forward)
- Torque : 750~800kg-cm
- Slotted : 2 / 3 / 4 mm
- 50mmL Stainless Bit Holder
- Hex:2/3/4/5
- Bit Material : S2
- Phillips : #0 /#1/#2
- Spline Sockets : 4/5/6/8/10/12mm

BICYCLE REPAIR TOOL SET WITH POUCH **TIL-376**

- Aluminium Handle With 36 Teeth Ratchet
- 3-Way Function (Reverse/Lock/Forward)
- Slotted : 3/ 5mm
- Torque : 750~800kg-cm
- Torx : T25 / T30
- 50mmL Stainless Bit Holder
- Hex : 3.0 / 3.5 / 4.0 / 5.0 / 6.0
- 1 Pc-Pouch
- Phillips : #2
- Bit Material : S2

4-IN-1 TRANSDRIVER TOOL **TIL-379**

- 36 Teeth Ratchet With Universal Function
- 3-Way Function (Reverse/Lock/Forward)
- Torque : 500kg-cm
- Phillips : #2 / #3
- Slotted : 4 / 6mm
- Handle Material : Nylon+PP
- Bit Material : CRV6150

SOFT WASHING BRUSH TIL-31

Soft brush can clean any part of your bicycle, this process is easy and safe, and it will have better results with BIC-590 BIKE WASH.

WHEEL CLEANING BRUSH TIL-32

This high-quality brush can quickly clean the oil and dirt from wheels, the microfiber cloth can safely clean the carbon fiber rim or the painted rim without scratching, and the flexible design brings more convenience to the user.

DETAILING BRUSH TIL-33

The brush can penetrate deep into the rim and the transmission system, gently clean stubborn dirt and dust, so that the cleaning of the bicycle has no dead ends.

MULTIPURPOSE CLAW BRUSH TIL-34

The brush has three functions can clean the dirt and gaps of the gear or transmission system according to your choice, and the hook on the other side can powerfully scrape the oil or mud accumulated for a long time. Using BIC-888P Chain cleaner, you can save more time on cleaning.

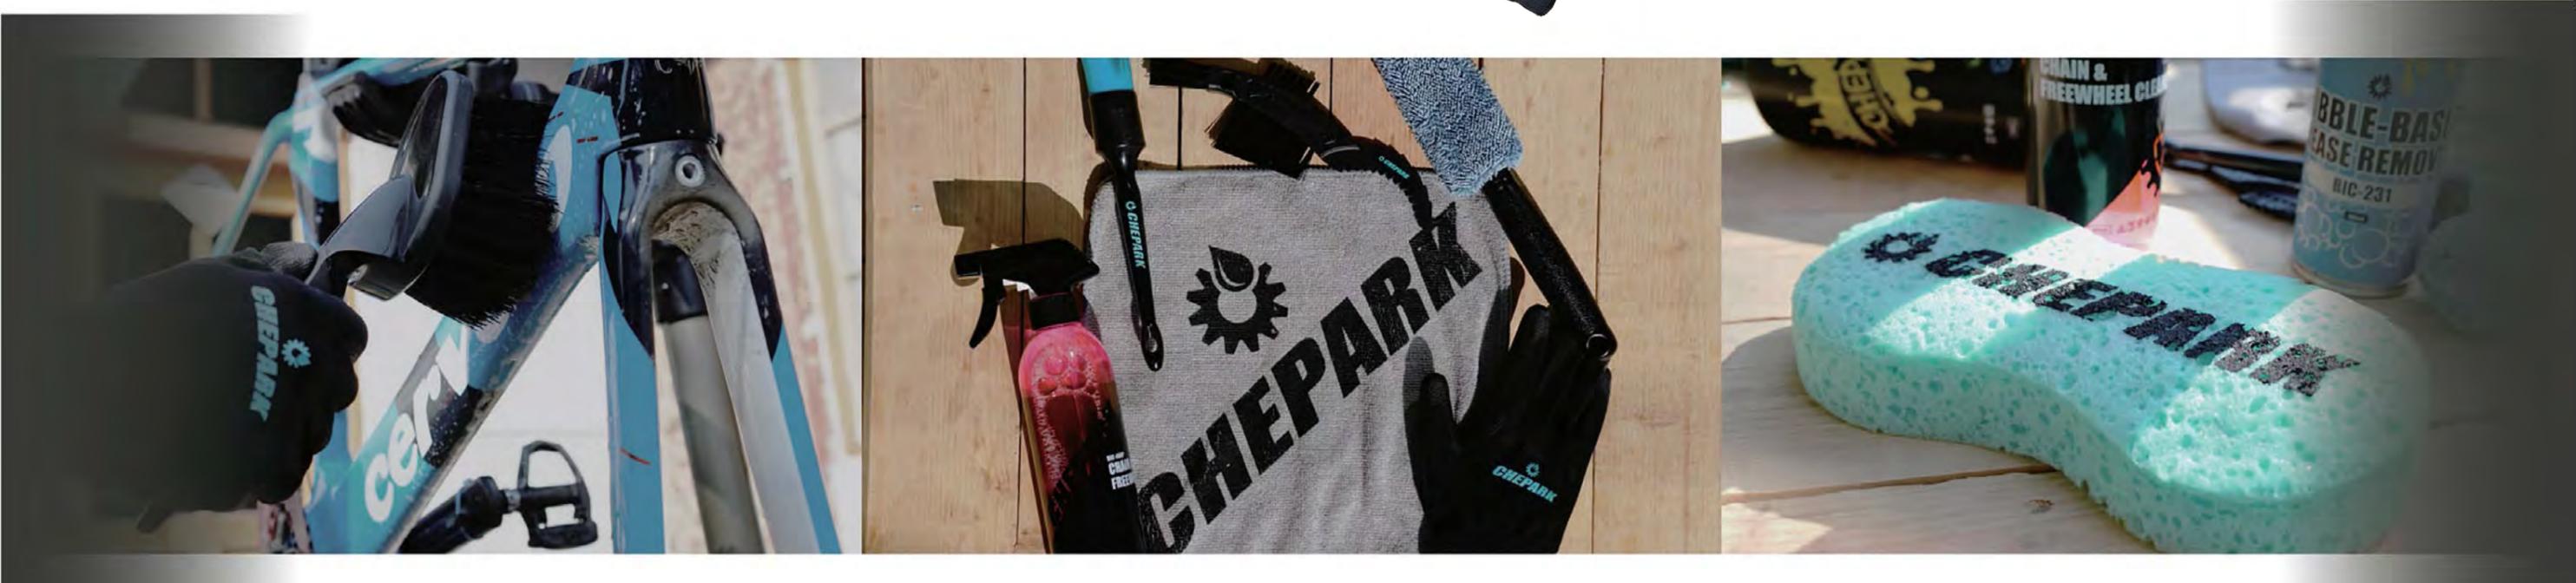

EXPANDING MICROCELL SPONGE TIL-53

The vacuum-packed expansion sponge can effectively reduce the packaging space. Please tear the package and put it in the water, will return to its original size shortly. The sponge are very safe and quick to clean the dirt and mud on the surface of the bicycle and will not scratch the surface.

MICROFIBRE POLISHING CLOTH TIL-51

Our microfiber cloth cleans moisture and dirt quickly and easily without leaving fingerprints and lint on the frame or parts.

MINI TIRE REPAIR KIT TIL-380

Find the hole and remove the screw or nail. Use the reamer tool to clean and enlarge the hole. Take one of the sticky rubber strips, feed it half way through the eye of the strip insertion tool. Push the strip into the hole, and then pull it out quickly. (Please keep the tire pressure at 60~80% during the repairing process.)

APRON TIL-56

The use of a work apron can block dirt, allowing store technicians to keep their clothes tidy at all times, and enhance their professionalism. The front pocket is designed to allow access and placement of tools at any time.

GREASE GUN TIL-360

Designed to screw on easily to Golden Grease bottles, the pump-action mechanism enables a much more precise application of the lubricant to the bike parts that need it most.

WORK GLOVES TIL-52

L XL 2XL

TIL-52 work gloves can prevent slipping when a firm grip is needed, ensures a secure grip in wet, dry and heavy oil applications, protects your hands when working around oil and grease.

CHEPARK
